

Les cartes

Trouve les deux cartes qui sont pareilles.

NIVEAU 1

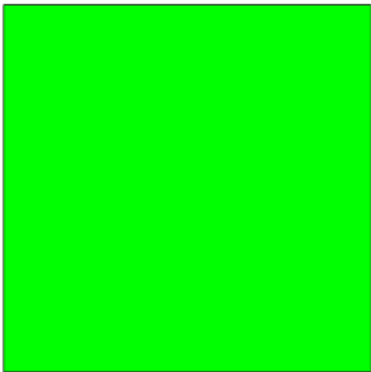

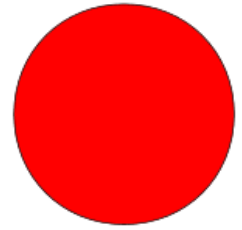

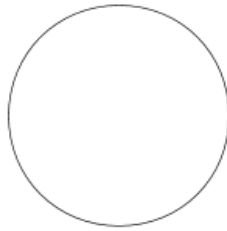

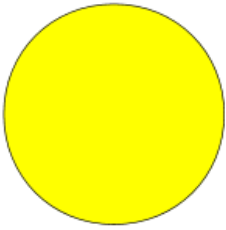

C'est la carte avec le carré..... et le rond.....

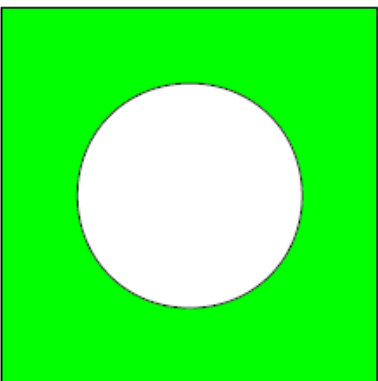

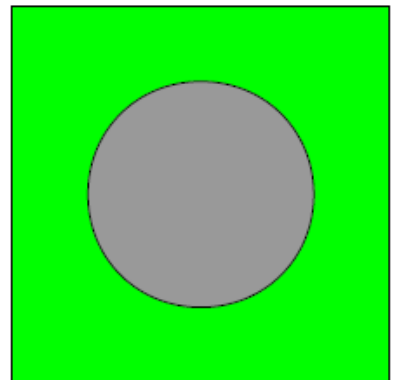

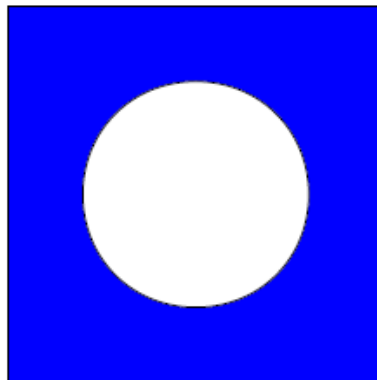

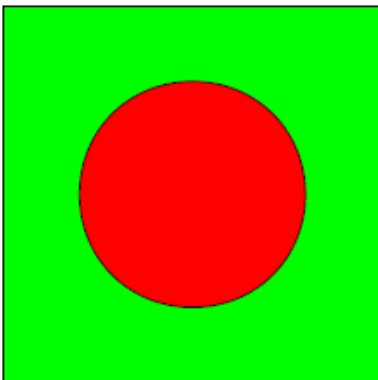

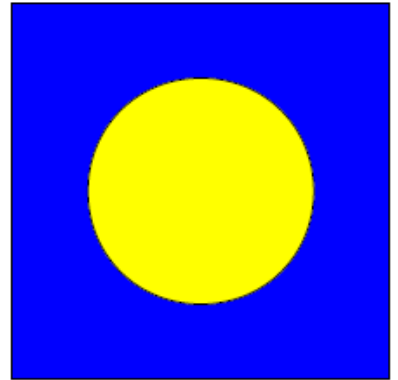

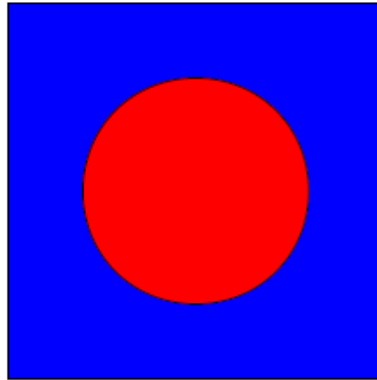

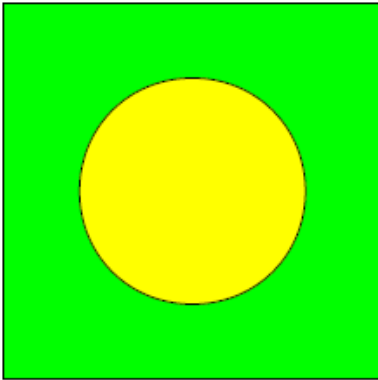

**NIVEAU 2**

On pose un rond sur un carré pour faire une carte.

Trouve 5 cartes différentes.

NIVEAU 3

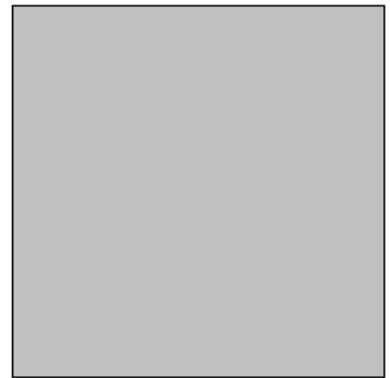

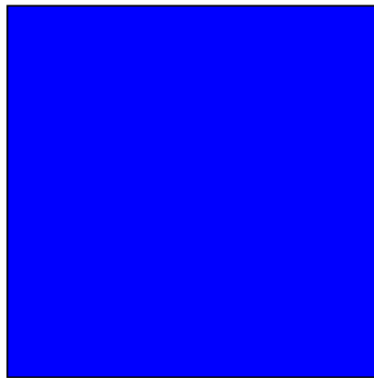

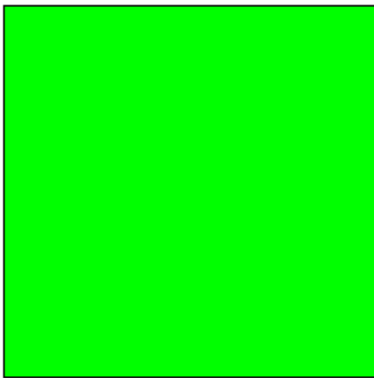

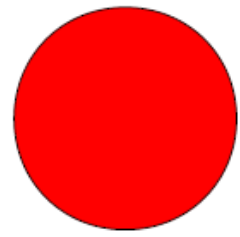

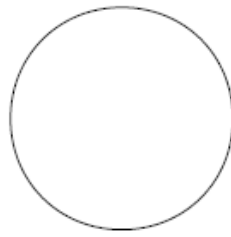

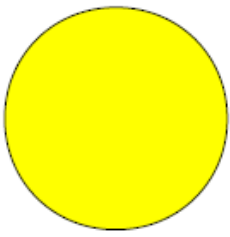

Avec les carrés verts et bleus et les ronds rouges blancs, gris, et jaunes, Julien a trouvé 7 cartes.

La maîtresse lui dit qu'il a bien travaillé mais il peut encore en trouver une :

Il lui manque la carte avec un carré..... et un rond.....

**NIVEAU 4**

On pose un rond sur un carré pour faire une carte.

Combien de cartes différentes peut-on faire ?
